THE LEAGUE OF AMERICAN WHEELMEN.

. . . . Is an organization that embraces the field of bicycling in the United States, professing to promote the cause of improved roads throughout the entire country; to control and properly regulate cycle racing on the track, and to perform other offices closely related thereto.

In pursuit of these objects the league has been generally successful, and is entitled to the moral and material support of all wheelmen and wheelwomen.

The League of American Wheelmen is divided into divisions with respect to the different States of the Union, and each of these State divisions is presided over by a chief consul, a vice-consul, a secretary-treasurer, and board of delegates. The League as a whole, and the several State divisions, each holds an annual meeting, at which yearly business is transacted, and a programme of races for championships is given.

Racing men under the jurisdiction of the L. A. W. are divided into three classes: A, B, and Professional. Class A riders are amateurs, accepting prizes not over $50 in value and no expense moneys from bicycle manufacturers; Class B riders are paid for their riding by manufacturers, but are not allowed to accept cash for prizes; Professional riders are permitted to ride for cash prizes.

4 Class B, Against Time—Paced.
